# New Territories 2011

11 NOVEMBER – 3 DECEMBER 2011

The exhibition is not theme based and aims to present *current tendencies* in local contemporary visual art practice. The key word here is **current**, so works should emphasize or be representative of explorations and developments within your current practice.

The exhibition will be judged by an external professional from the NT visual art sector and each year the winner will receive a substantial professional development opportunity to attend the opening of a major Australian art event.

This year's winner will attend the opening of the 2012 Asia Pacific Triennial in Brisbane.

Works can be of any medium.

**Please note: works must have been produced within twelve months of the entry deadline and not previously exhibited. Works can be for sale.**

The exhibition is an open entry call for works from all NT artists. Current financial Members at the time of entry receive free entry. There will be a \$15 entry fee for non-financial Members, which will include a one year Membership to 24HR Art.

**IMPORTANT DATES**
